**UNION THANKS SERVICES HELD HERE THURSDAY**  
Well attended union Thanksgiving Day services were conducted Thursday morning at 9 o'clock in Trinity United Church of Christ when the Rev. Robert A. MacAskill, pastor of the Presbyterian Church, delivered the sermon on the theme "Give Thanks Always."

"Thanksgiving is not a day for beginning the commercial season of Christmas shopping, or for gluttony, or for thinking comfortably of our abundance. It is not a day for empty prayers, weak promises or idle intentions," the Rev. Mr. MacAskill said, as he urged his hearers to make it a day marked by "earnest devotion to God and His goodness."

Reminding the congregation that two thirds of the people of the world "are starving, cold and destitute today," he cited conditions in hurricane-ravaged Japan, in Algeria, Morocco, Hong Kong, the Arabs in the Middle East and the displaced persons in camps in Europe. He called for Americans to "perpetuate the heritage that is ours through deeds of thanksgiving and kindness."

**Special Music**  
The Rev. Mr. MacAskill took his text from the fifth chapter of Ephesians and listed as the chief things for which "we should be thankful: Life itself and our national heritage which we must recognize is the result of the blessings of God." He quoted excerpts from Thanksgiving Day proclamations of Presidents Lincoln, Cleveland, Wilson and Eisenhower and suggested the famous painting of the "Praying Hands" as "our symbol for today."

The Rev. Dr. Howard S. Fox, host pastor, conducted the service which was sponsored by the Gettysburg Ministerium. The offering went to the Share Our Surplus world relief program.

## DENIES ANY MISCONDUCT WITH ONASSIS

NICE, France (AP) — Jeanne Schley Rhinelander, a 34-year-old American society divorcee, Thursday denied misconduct with Aristotle Onassis but indicated she thinks she may be the mysterious "Mrs. J. R." named by the wife of the Greek shipping magnate in her divorce suit.

"I am surprised that my name was proclaimed the subject of a scandal of which I had no part," the statuesque blonde told newsmen at her villa in nearby Grasse.

Onassis' beautiful 29-year-old wife—daughter of another wealthy Greek shipping man—filed suit for divorce in New York Wednesday. She named as co-respondent an otherwise unidentified "Mrs. J. R." and made no mention of Maria Meneghini Callas, the famous opera star with whom Onassis has been linked lately.

Guest On Yacht Although "Mrs. J. R." was not identified in the divorce petition, the coincidence of the initials and the fact that Mrs. Rhinelander had been a guest on the Onassis yacht sent newsmen rushing to her.

Mrs. Rhinelander is the daughter of the late Grant Barney Schley, an American who died on the Riviera in 1936, and Mrs. John Frederic Byers of New York. French-born widow of the chairman of the board of A. M. Byers & Co. of Pittsburgh, one of the world's largest producers of wrought iron.

Mrs. Rhinelander was granted a Virgin Islands divorce in 1952 from T. J. Oakley Rhinelander, scion of an old New York family, and was given custody of their two small children.

## WATER MAIN BREAKS, HOMES ARE FLOODED

PITTSBURGH (AP) — Water poured into streets and dampened some basements early today in Pittsburgh's Oakland district after a 20-inch water main cracked open. Many homes in the area were left without fresh water.

Water pressure cracked paving on some streets and traffic had to be detoured at the height of the morning rush hour. Some traffic jams resulted.

Police said water reached a depth of one foot in some sections. Road blocks were set up at Bayard and Craig streets, Center and Neville, Devonshire and Bayard and Ellsworth and Pennville.

### Damage Not Estimated

Maintenance crews worked several hours before the flow of water was shut off. The break occurred in the area of Bayard and North Neville streets. The line carries water from the Herron Hill pumping station.

Shortly after the break occurred the basement of the D'Arlington apartment building at 505 North Neville Street was flooded with nearly a foot of water. Later police said the water had been pumped out.

By midmorning the gush had been stopped and storm sewers had carried off most of the water.

There was no immediate estimate of damage.

## Analyst Traces Reasons For Harding's Selection; Probes Taft Situation And Hopefuls

WASHINGTON (AP) — Why in this century has only one man, Warren G. Harding, been picked directly out of the Senate to run for the presidency?

This question has special pertinency in 1960 when five men connected with the Senate will be considered for presidential nomination.

True, the Senate is a grand forum for a politician to stay in the public eye. Perhaps the answer is right there. Prolonged exposure to public scrutiny of where he stands and why and how may be politically fatal to senators seeking the presidential nomination.

### Develops Following

A forceful, aggressive senator of strong opinions and a willingness to fight for them against all comers will develop a following. But, because he is in controversy, he will create intense opposition, too.

Perhaps that is why in this century political parties have looked elsewhere—to governors or lawyers or a general—and picked men whose views were not well known and who therefore had not created broad antagonisms.

This reasoning, of course, does not apply in the case of a President seeking a second term.

The door to speculation on this was opened this week with the disclosure for the first time of the late Sen. Robert A. Taft's own analysis of why he lost the presidential nomination in 1952 to Gen. Dwight D. Eisenhower.

### Lays Blame

Taft put the primary blame on the backing Eisenhower got from Wall Street and the newspapers. Nowhere in his analysis did he note what may have been the biggest factor in his defeat.

This was the fact that he was Robert A. Taft, a hardworking but highly controversial figure. His fellow Republicans apparently decided Eisenhower better fitted their needs or had a better chance of winning.

Ironically, it seems safe to say no senator in his time got as much newspaper publicity as Taft. Because of this his personality and views, widely known for years, got him friends, but also sturdy opponents.

And here enter other possible factors in the selection of a presidential candidate—the mood of the country at the moment of choosing and national circumstances.

### A Conservative

Taft was a conservative who fought New Dealers. But by 1952 the mood of the country was increasingly liberal. Perhaps Taft was too much a symbol of conservatism for the Eisenhower wing of the party which, when it took over, not only accepted some New Deal programs but expanded on them.

In 1952, when the country was becoming more international-minded, Taft may have seemed too isolationist.

He had fought strenuously against some key international measures after the war. Eisenhower was internationalist.

### Conflict Involvement

Further, Taft, a tough fighter for what he believed, was in constant conflict with Democrats. But by 1952 the country, consciously or unconsciously, may have been fed up with conflict.

It had just gone through World War II, it was in the cold war with the Soviet Union and in the hot war in Korea. Republicans and Democrats were in constant cat and dog fights and the nation was split by McCarthyism.

These troubles probably worked in the favor of Eisenhower, a kindly man whose views were not well known, who was not controversial, who had not created a big bloc of enemies, and whose record as a soother of troubled waters made

him look like one who could restore peace and quiet.

### Harding Helped

These factors probably worked in Harding's favor in 1920 when the country, after just emerging from World War I, was rent by President Wilson's struggle with the Senate over the League of Nations.

Harding, although a senator, did not have too much of a national following. He did not have strong views, was not controversial, had not made enemies, looked kind and like a man who could restore peace, or normalcy, as he called it.

Vice President Richard M. Nixon, who presides over the Senate, and four Democratic senators—Kennedy, Humphrey, Johnson and Symington—are all being mentioned as possible presidential candidates next year.

### Nixon Cools

Nixon used to be hugely controversial but isn't so much now. None of the four Democrats is anywhere so controversial as Taft. None of them is identified with continuing conflict.

Perhaps, since the mood of the country is quiet now, one of them will be tapped. But this will not happen if the pattern of almost six decades, with the exception of Harding, is followed.

### Near Canonization

The Very Rev. John P. McGowan, C. M., a member of the Provincial Council of the Vincentian Priests, and vice postulator of the Mother Seton's Cause for beatification, will also attend the ceremonies.

Pope John will read a decree at the ceremonies, proclaiming the heroic virtues of Mother Seton, and thereby bring her one step closer to the distinction of being the first native-born American to be canonized within the Catholic Church. Born Elizabeth Ann Bayley in New York City in 1774, she was the daughter of a prominent physician and active in the society of the post-Revolutionary period. The exceptional qualities which eventually led her to a dedicated religious life were evident throughout her youth, when, as a member of the Anglican Church, she was active in charitable works prior to her marriage to a New York merchant, William Seton.

### Widowed In 1803

The mother of five children, she was widowed in 1803 as she accompanied her husband on a trip to Italy. Her subsequent conversion to the Roman Catholic Church is believed to have been influenced by the example of a prominent family in Italian business circles, the Antonio Filicchi. Two years later, Mother Seton embraced her new faith.

It was not until 1809, upon her arrival from Baltimore in Emmitsburg, that her dreams of establishing a free school and offering help to the needy and the sick were realized. Here she began the Sisters of Charity, founded Saint Joseph College, and started the first free Catholic school in America, accepted today as the prototype of the present-day parochial school. Between 1809, and her death in 1821, she faced constant threats from the perils of poverty and ill health, overcoming all with the help of her small group of companions and reaching out to establish missions and schools throughout the east.

## Amputates His Finger With Knife

MILWAUKEE (AP) — A 38-year-old farmer of Oak Creek was recovering in a Milwaukee hospital today after amputating one of his fingers with a pocket knife. George Schubert was operating a corn picker when his right hand got caught in it Wednesday. The thumb was sliced off and the index finger cut partially through. "I knew I couldn't tear loose," Schubert said. "I was too far from anywhere to expect to get help before I'd bleed to death."

Schubert's knife was in a pocket on his right side, but he was able to reach it with his left hand. He got the knife opened and cut off the rest of the right index finger.

Part of his left index finger is missing. It was cut off in an onion slicer 12 years ago.

### STOCKS MIXED

NEW YORK (AP) — Tobacco stocks slumped and aircraft were strong in a mixed stock market early this afternoon. Trading was fairly active.

Gains and losses of fractions to about a point prevailed among most key stocks except tobaccos which were down from 1 to about 4 points.

The tobaccos were upset by the government's strongest statement to date linking smoking with lung cancer. American Tobacco was delayed in opening for an hour and 20 minutes under pressure of sell orders. The stock fell 5/8 to 103 1/2 on an initial trade of 4,200 shares than pared a couple of points from the loss.

## Tobacco Firms Assail New Public Health Warning On Smoking As Cancer Cause

By GEOFFREY GOULD

WASHINGTON (AP) — The Public Health Service has issued a strong new warning on tobacco: The weight of evidence implicates smoking as the main cause of the rising rate of lung cancer.

The statement was issued Thursday by Surgeon General Leroy E. Burney in an article in the Journal of the American Medical Assn. It was the government's strongest statement to date linking smoking and cancer. Burney said it was based partly on new evidence.

Burney's warning immediately was attacked by tobacco interests as a warmed over rehash of old statistics.

### "Shocks" Virginian

Dr. C. C. Little, scientific director of the Tobacco Industry Research Committee, said in New York the points in Burney's article were "first advanced some years ago in statistical studies that admittedly are not supported by experimental evidence."

At Appomattox, Va., Rep. Wat-

kins Abbt (D-Va.), who represents a major tobacco growing district, said, "It is shocking that a supposedly responsible government official would castigate the entire tobacco industry on such flimsy statistical evidence."

Burney's article took note of frequent criticism of the evidence linking smoking and lung cancer. He cited Little's previous criticisms specifically.

### Duty Under Law

But Burney noted that by law the Public Health Service must tell the medical profession and the public about anything affecting public health. After reviewing the presently available evidence in detail, he said, "The Public Health Service believes that the following statements are justified by studies to date:

"1. The weight of evidence at present implicates smoking as the principal etiological (causative) factor in the increased incidence of lung cancer.

"2. Cigarette smoking particu-

Tells Lions Of Plots To Steal  
Lincoln's Body: The weird story  
of two unsuccessful attempts to  
kidnap the body of Abraham  
Lincoln from its tomb in Spring-  
field, Ill., was told members of  
the Gettysburg Lions club Mon-  
day evening by Dean W. E.  
Tilberg during the weekly dinner  
session of the local service club-  
men.  
The first attempt was nipped,  
the dean said, when one of the  
conspirators became intoxicated  
and talked of the plan to steal  
Lincoln's body for ransom and  
to help gain the release of a  
counterfeiter from penitentiary.  
The second attempt was  
thwarted by detectives after the  
gang had forced entrance to the  
tomb and had opened the coffin.  
All were jailed for a year for  
attempting to rob a tomb while  
Lincoln's body was moved 17  
times because of fear that new  
attempts might be made to dis-  
turb it.  
Now the remains of the Civil  
War president rest beneath at  
least six feet of steel and con-  
crete in the new tomb at Spring-  
field, he said.

## Today's Talk

**ON BEING GRATEFUL**  
Gratitude will always stand  
out as one of the major virtues.  
Most of those who gain their joys  
and satisfactions from giving to  
others can testify to the happi-  
ness that pure gratitude means  
to those who receive it. It is a  
mistake to think that a large num-  
ber of people work for money.  
They work for appreciation and  
understanding.

A single word has often  
changed the course of a human  
life. A word like "Thank you,"  
or "I'm sorry." What a joy it is  
just to live when there are  
those about you, near and dear,  
who are constantly trying to  
prove the power of beauty that  
is exercised as we travel ahead  
and are kind and appreciative!  
The value of interests lies  
in their power as they are spread  
out for others to emulate. Every  
sincere prayer that we or some-  
one else utters has within it  
notes of gratitude. It's the encour-  
agement and appreciation one  
scatters along the way that counts  
most with those who both give  
and receive.

We should be grateful to Al-  
mighty God for every one of His  
endless blessings. What would we  
do without them? For one thing,  
we would be very lonesome and  
unhappy, for we are always hap-  
piest when most engaged in dis-  
tributing happiness. Always, how  
grateful we are for the thoughtfulness  
of others. It binds us all into  
a kinship that does not perish!  
Never disappoint a person by  
being ungrateful. It is the soul's  
nourishment!

Tomorrow Mr. Adams will talk  
on the subject: "Go the Route"

## Just Folks

**TO THE STUMBLER**  
Perhaps you have stumbled and  
faltered,  
Perhaps you are down on your  
luck,  
Conditions can quickly be altered  
If only you cling to your pluck,  
Just remember that half the  
successes  
You envy today in the town,  
Had days that were black with  
distresses  
And know what it is to be  
down.

Just get up again and keep trying.  
The man that is wealthy today,  
That now you are enviously  
eyeing,  
Perhaps wasn't always that  
way.  
He knows what it is to have  
sorrows,  
So don't go about with a frown;  
For you there are many  
tomorrows,  
And you may not always  
be down.

## FRANKLIN CO. YOUTH WINS

Donald E. Martin of Chambers-  
burg R. 5, has been announced  
as the Pennsylvania winner of the  
Canning Crops contest sponsored  
by the National Junior Vegetable  
Growers' Association.

Announcement of Martin's selec-  
tion came during the annual con-  
vention of the Pennsylvania Can-  
ners Association Monday at the  
Yorktown Hotel in York. Martin  
received a \$100 U. S. savings bond  
from the canners' association.  
Donald is the son of Mr. and  
Mrs. Paul E. Martin and is a  
member of the Guilford 4-H Club.  
The tomato-growing champion  
raised over 24 tons of tomatoes  
per acre on a two-acre plot. Last  
year he placed third in the  
NJVGA's canning crops con-  
test in the state, producing nearly  
26 tons of tomatoes per acre on a  
two and one-half acre plot.

"Donald Martin's tomato pro-  
duction during the past two years  
shows real achievement," states  
J. O. Dutt, extension vegetable  
crops specialist at the Pennsyl-

tomatoes is not new to this 4-H

## CHANGE OLD RULE ON JETS AND ALTITUDE

WASHINGTON (AP)—Users of  
the Boeing 77, on the basis of  
a year's operation, have tossed  
out the old rule that jet planes  
must fly extremely high.

Franklin W. Kolk, director of  
equipment research for American  
Airlines, said American's jets  
climb to little more than half the  
altitudes initially planned.

Kolk told the Institute of the  
Aeronautical Sciences Tuesday  
night that before starting jet ser-  
vice, American based its estimates  
of 707 performance on flight at  
40,000 feet "because the British  
flew their Comets that high, at  
the altitude where jet engines are  
most efficient."

**Time Important**  
"The higher you fly, the less  
fuel you use," Kolk acknowl-  
edged.

"But the best place to fly is  
where you get the fastest from  
here to there.

"We arrived at a compromise  
between speed and fuel, cut out  
time wasted in climbing, and  
have been flying the 707s at 25,000  
to 28,000 feet for a year.

"On a transcontinental flight at  
that altitude you may burn up a  
couple more tons of fuel than you  
would at 40,000 feet, but you can  
knock half an hour off the coast-  
to-coast flight time. That's what  
counts with the customers."

## Abandon Search For Missing Fliers

**NAHA, Okinawa (AP)** — Hope  
was given up today for two U.S.  
Air Force pilots who disappeared in  
a T33 jet trainer off Okinawa.  
A four-day search by 370 Air  
Force, Marine and Navy planes  
ended without finding a trace of the  
men.

The lost pilots were Lt. Col.  
Edgar A. Robinson of Phoenix-  
ville, Pa., commander of the 1505th

four children lived with him here  
at Kadena Air Base, and L. T.

## PA. TO SPEND FOUR MILLIONS IN FLOOD WORK

**HARRISBURG (AP)** — Pennsy-  
lvania will pour nearly four mil-  
lion dollars into flood control pro-  
jects in the next two years.

Money for the program, recent-  
ly approved by the Legislature  
and the governor, will be suppli-  
mented by federal aid and three  
state funds.

Maurice K. Goddard, forests and  
waters secretary, said that in ad-  
dition to preventing floods the pro-  
gram would have beneficial ef-  
fects on industrial development.

He added that industrial develop-  
ment cannot be effectively ac-  
complished in many areas until  
flood control problems are licked.

**U.S. To Help**  
Both new and continued projects  
are scheduled by the department  
this biennium.

The federal government will pay  
construction costs on four projects  
while the state and local govern-  
ments share costs of the land. The  
state appropriations for these fed-  
erally approved projects were:

Bradford, McKean County —  
\$330,000 for channel improvements  
on the east and west branches of  
Tunungwant Creek (estimated fed-  
eral cost \$8,600,000).

Brookville, Jefferson County —  
\$75,000 for channel improvements  
of North Fork, Sandy Lick and  
Redbank creeks (estimated fed-  
eral cost \$1,340,000).

The state appropriation also in-  
cluded more than a million dol-  
lars for operation of the federal-  
state flood forecasting system, in-  
vestigation of flooding conditions  
and preparation of project plans  
and operation and maintenance of  
other department flood control fa-  
cilities.

## Late Senator Robert A. Taft Laid Loss To Business, Press

**NEW YORK (AP)** — A confi-  
dential analysis left by the late  
Sen. Robert A. Taft blamed his  
loss of the 1952 GOP presidential  
nomination on New York financial  
interests and a majority of the  
press.

The New York Times, has pub-  
lished the complete text of the  
2,200-word memorandum written a  
year before Taft died of cancer  
in 1953.

The newspaper said in a Wash-  
ington dispatch that the Taft  
analysis dismissed the long-held  
political thesis that Dwight D. Ei-  
senhower's nomination resulted  
from a series of tactical errors  
by Taft forces at the Republican  
convention dealing with rules  
changes and contested delega-  
tions.

**Lists Causes**  
Taft gave these causes of his  
defeat:

"First, it was the power of the  
New York financial interests and  
a large number of business men  
subject to New York influence,  
who had selected Gen. Eisenhower  
as their candidate at least a  
year ago.

"Second, four-fifths of the influ-  
ential newspapers in the country  
were opposed to me continuously  
and vociferously, and many  
turned themselves into propa-  
ganda sheets for my opponent."  
In Cincinnati, Robert A. Taft

Jr. said, "There has never been  
any attempt to suppress this  
memo. My father wanted those  
who backed him for the presi-  
dential nomination in 1952 to know  
that he did not blame them for  
the loss of the nomination."

**Papers In Washington**  
He said all his father's papers,  
including the memo, are in the  
Library of Congress.

The Washington Evening Star  
said in a story Tuesday that ap-  
pearance of the memo became the  
subject of discussion in some GOP  
circles because of a prospective  
battle between Vice President  
Richard M. Nixon and Gov. Nel-  
son A. Rockefeller of New York  
for the Republican presidential  
nomination next year.

"In some respects," the Star  
story said, "Mr. Nixon's position  
at this time is regarded as some-  
what similar to that of Sen. Taft  
at a comparable period before the  
1952 convention. Now, as then,  
there is a challenger having pow-  
erful but so far unrevealed sup-  
port among the Eastern interests.  
It was such a challenger — Gen.  
Dwight D. Eisenhower — who  
blocked the Taft nomination."

The Times story said Taft stated  
the underlying causes of his de-  
feat had been operating steadily  
for eight months before the con-  
vention met in Chicago in July  
1952.

**Advance Defeat**  
The Times said Taft noted that  
the newspapers that were excep-  
tions to the pro-Eisenhower tone  
of most of the press were the  
Chicago Tribune, the Wall Street  
Journal, the Omaha World-Herald,  
and the Los Angeles Times. The  
Philadelphia Inquirer, the Hearst  
papers and the Knight papers re-  
mained neutral, he said.

"The truth is that we were up  
against a tremendous publicity  
blitz led by four-fifths of the news-  
papers of the country and all the  
magazines," Taft wrote.

## Saves \$87,292 At Mechanicsburg

**WASHINGTON (AP)** — The Gen-  
eral Accounting Office says it has  
saved the government \$87,292, per-  
haps more, by a check of activities  
at the Mechanicsburg, Pa.,  
Naval Supply Depot.

Comptroller General Joseph  
Campbell disclosed Tuesday his  
office found usable bearings were  
being scrapped because of a  
wrong interpretation of instruc-  
tions.

In a letter to House Speaker  
Sam Rayburn (D-Tex.), Camp-  
bell said bearings costing \$6,288  
has been scrapped and \$87,292  
more in bearings earmarked for  
scrapping. He added another \$691,  
765 in bearings were in the in-  
ventory and presumably would  
have been scrapped.

Campbell explained depot per-  
sonnel had interpreted the instruc-  
tions as directing the disposal of  
material that was not in the man-  
ufacturers' original packaging or  
was in containers on which the  
seals had been broken.

## Mount Cagers Open At Georgetown Wednesday; Play 24-Game Schedule

Coch Jim Phelan will seek his 100th basketball victory as a Mountaineer coach when the Mountaineers top off against Georgetown U. in Washington, D. C., on December 2 in the season's cage opener. Phelan, currently 99-37, has one of the finest records among the nation's young college mentors.

The Mountaineers will face St. Vincent College in the home opener in Memorial Gym on December 5 and meet Adelphi College, Garden City, N. Y., at home on December 11.

The 24-game schedule includes 14 Mason-Dixon contests and participation in the annual Quantic Marine tourney December 15-17 against former Mount star Jack Sullivan and Phil Samuels, brother of current Mount starter Dave Samuels.

**Probable Starters**  
Phelan's present charges will have to learn the hard way, hampered as they are by lack of experience and depth. Three sophomores will start at the front court posts with Dick Talley, 6'4", and Dave Samuels, 6'3", in the corners, and Mike Callahan, 6'7", at the pivot spot. Senior Jack Gunn, expected to be the team's sparkplug, will hold down one of the guard spots with all-conference sniper Jerry Savage at the other guard spot.

Freshman Ed Pfeiffer, a 5-10 hot-shot from Allentown Catholic, and Junior Tom Rudderow look like the top back court reserves where Phelan has some depth. Up front only 6'5 Jack Thompson, a junior, brings game experience to the squad. After this group Phelan is in trouble since his other squad members lack both height and experience. If the big fellows run into foul trouble or injuries, the Mountaineers will be in dire straits indeed.

**Switch Strategy**  
This season the Mountaineers have switched tactics from the run and shoot type of ball they have played in the past to a control style where the club will work for the good shot. The club will also have to come up with tight defensive play to make up for lack of height under the boards.

After six straight years in the finals of the Mason-Dixon tourney, including four titles, the Mountaineer squad will have to come up with a superlative team effort to keep their record intact.

The schedule: December 2, Georgetown, away; 3, Shippensburg, at York; 5, St. Vincent, home; 11, Adelphi, home; 15-17, Quantic Tourney, away.

January 5, Baltimore, away; 7, Frostburg, away; 9, Roanoke, home; 12, Randolph-Macon, away; 14, Baltimore, home; 16, Loyola, home; 20, Western Maryland, away.

February 1, St. Vincent, away; 3, Catholic U., home; 5, American, home; 6, Rider, home; 8, Washington, home; 10, Loyola, away; 12, Hampden-Sydney, home; 13, Catholic, away; 17, American, away; 18, Western Maryland, home.

## CHAMBERLAIN ROLLS ALONG, SETS RECORDS

PHILADELPHIA (AP) — Towering Wilt Chamberlain has reached another milestone in his thus far sensational National Basketball Assn. career.

The Philadelphia Warriors' 7-1 star broke a Convention Hall record for individual scoring Thursday night by dumping in 49 points to boost his club to a 143-130 victory over Boston, trimming the Celtics' Eastern division lead to one game. The Warriors' total points also established a new club record.

In other games the St. Louis Hawks defeated Syracuse 112-95 to move into first place in the Western division by a half game over Detroit, and Cincinnati swept by Minneapolis 114-95.

**Breaks Record**  
Chamberlain, whose 43 rebounds against New York Nov. 11 set a new Convention Hall record in that department, wiped out the 1956 hall scoring mark of 46 by Bob Pettit of St. Louis. Chamberlain's highest output this season was 55 points on the road Nov. 12 against Cincinnati.

A record 12,343 fans came to watch Chamberlain hook up with 6-10 Bill Russell but were somewhat disappointed when Russell had to sit the game out because of a recurrence of an ankle injury. Conley led Boston scoring with 34 points.

## BILL SHOCKLEY WINS FOR EAST ON FIELD GOAL

ERIE, Pa. (AP) — Bill Shockley's 21-yard field goal in the closing seconds of the first half gave the East a 17-1 victory over the West Thursday in the second annual Gem Bowl All-Star football game.

Shockley, of West Chester (Pa.) Teachers, also kicked two extra points. Neither team scored in the second half.

Buffalo University's Willie Evans tallied the first East Touchdown in the opening quarter on a nine-yard scamper around left end, climaxing a 72-yard drive that started with the opening kickoff.

The West came right back on the ensuing kickoff and drove for a touchdown, Gene Ascani of Northwestern going into the end zone on a six-yard run. Ascani had taken the kickoff and bought the ball back to midfield. Bill Graff of Northwestern added the extra point.

In the second quarter the West took a 14-7 lead as Joe Kulbacki of Purdue got loose on a 61-yard touchdown run and Don Bartolomussi of Wayne University kicked the conversion. Then the East's Ed Hino, of George Washington, was tackled in his own end zone for a West safety, running the count to 16-7.

**Shockley Kicks Won**  
Later in the period, the East struck back as Jack Bestwick of Westminster (Pa.) College pitched a five-yard touchdown pass to Frank Cignetti of Indiana (Pa.) Teachers.

Shockley added the all-important extra point, as it turned out, and minutes later kicked the game-winning field goal.

Coach Ara Parseghian of Northwestern coached the West squad. Villanova athletic director Frank Reagan was in charge of the East team.

About 7,000 fans watched the game in chilly weather.

## SEBO FUTURE IS UNCERTAIN; CONTRACT ENDS

PHILADELPHIA (AP) — Now that Coach Steve Sebo has guided Penn to the Ivy League title and its best record since 1947, where does he go from here.

In Sebo's last game under his second three-year contract, Penn rallied Thursday behind quarterback George Koval for a 28-13 victory over Cornell to gain the Ivy League title and a 7-1 record.

When asked about his future plans, Sebo said: "I don't know." He added he has not heard from any university officials about his status. University officials have declined public comment.

Sebo also replied "I don't know" when questioned as to whether he planned to step down voluntarily, perhaps to take another position.

**"Gentlemen's Agreement"**  
Some reports circulating indicated Sebo had reached a so-called gentlemen's agreement to step down when the current season ended—win or lose. His contract officially expires Feb. 1. Several times during his reign he had been under heavy fire and had been hanged in effigy.

Both Sebo and Dr. Gaylor P. Harnwell, Penn president, denied the reports about the agreement.

Amidst the throng of questions tossed at Sebo by newsmen in the dressing room after the game, he would pause to congratulate his players as they passed him and also to himself receive congratulations from friends and well-wishers.

**"Proud Of Team"**  
"I'm so proud of this team I could cry," he declared.

Koval, a second-string quarterback, brought Penn from a two-touchdown deficit. He tossed three touchdown passes—13 yards to fullback Jack Hanlon, 27 to end Barney Berlinger and 8 to end Bill Kesack.

Standout performances also came from Penn Capt. Berlinger, who made some sparkling catches, and All-Ivy halfback Fred Doelling, who piled up most of the yardage on the ground.

## Football Fracas Involves Hundreds

CAMDEN, N. J. (AP) — A flight involving several hundred spectators starting during the Woodrow Wilson-Camden High School football game Thursday. During the fracas, Mayor Alfred R. Pierce was knocked to the ground.

The mayor wasn't injured. He was trying to assist police in breaking up the fight.

Policeman Daniel Vautier was struck in the mouth and 18-year-old Thomas Huder suffered a cut thumb.

**Third Quarter Fight**  
The fight started in the third quarter of the city game, won 25-0 by Camden.

One youth was charged with disorderly conduct. He was Charles Zepplemoyer, 23. He was released in \$50 bond for a hearing today.

Police say the incident started over a difference among two opposing football players. The game was resumed after police restored order.

## PENALTIES ARE VERY COSTLY TO HERSHEY

By THE ASSOCIATED PRESS  
American Hockey League coaches usually don't complain much about the penalties drawn by their players. They figure it shows aggressiveness and there are bound to be some in the wide-open style of hockey they favor.

But Hershey's Frank Mathers must be muttering these days like a baseball manager moaning about bases on balls.

In two stormy games within the past week, Hershey players have collected a triple misconduct penalty on one occasion and a misconduct on top of two majors on another. Misconduct, in hockey, usually means directing vigorous language at a referee and Hershey's Willie Marshall did that so effectively last Sunday that he drew three penalties together.

**Penalties Are Costly**  
Thursday night the Bears were leading the Providence Reds 3-1 when a brawl broke out in the third period. When it was settled Ron Hurst of Hershey and Ed Panagabko of Providence were given double major and misconduct penalties and Hershey's Mike Nykoluk and the Reds' Peter Panagabko drew single majors. Before the dust settled, Providence had pulled out a 4-3 victory and moved into sole possession of second place.

While both teams were two men short, Dutch Reibel counted the second Providence goal and six minutes later, while the Reds had a one-man edge, Floyd Hillman tied it up. Both were at full strength, however, when Ray Ross made the winning Providence goal nine seconds before the game ended.

The victory put the Reds two points ahead of Rochester. But the Americans get their chance to catch up tonight when they play a home against the Buffalo Bisons.

## 2 HS LINEMEN REJECT \$100 BRIBE OFFERS

BANGOR, Pa. (AP) — "They were by far the outstanding linemen on the field. They proved they were interested in nothing but winning."

That is how Bangor High School football coach Dave Pritchard described Thursday's performance by his two star tackles who reported receiving bribe offers to play sub par ball against Pen Argyl.

Pritchard said the linemen, Duane LaBar and Ron Mack, were instrumental in Bangor's 20-0 victory over Pen Argyl in the traditional Thanksgiving Day game.

**Told Police**  
The two 18-year-old athletes had told police they refused the bribes of \$100 each Saturday night from a short, stocky man.

Police are continuing their investigation.

Anchored by the two 6-foot 210 pounders, Bangor's line held Pen Argyl to a minus 16 yards rushing. Pen Argyl managed only 50 yards on passes.

**In Whole Game**  
Pritchard kept both boys in the game the full 48 minutes.

During one series, Mack made six consecutive tackles to halt a Pen Argyl drive. LaBar threw Pen Argyl backs for losses totaling 31 yards.

The victory was the third straight for Bangor which now has a 19-18 edge in the rivalry. Three games ended in ties.

## TWO HOCKEY ACES INJURED, OUT OF ACTION

By THE ASSOCIATED PRESS  
With Rocket Richard and Terry Sawchuk out of action for indefinite periods the trailers in the National Hockey League may have a chance to gain on the Montreal Canadiens and Detroit Red Wings in the next week or so.

Richard, the veteran Montreal sharpshooter, suffered a broken cheekbone when he was struck by a hard-driven puck in the last seconds of a game in which the Canadiens beat the Red Wings 4-2 Thursday night.

Detroit goalie Sawchuk was stricken Thursday by an ailment diagnosed as a form of neuritis. It affected his legs and sent him to a hospital before the game.

The Wings had to pull rookie Gilles Boisvert, who has been playing for Cleveland, off a bus and fly him to Detroit in time for the game.

**Sidelined**  
A depressed fracture of the cheekbone is expected to keep Richard out of action for a month or longer.

Boisvert, located by police on the Cleveland team bus near Syracuse, N.Y., reached Detroit just in time to play Thursday night. He kicked out 26 shots and held the Canadiens to a 2-2 tie for half the game. Then young Phil Goyette slammed in his second goal of the game and Jean Beliveau added the final tally 63 seconds before the end of the game.

The third-place Toronto Maple Leafs and fourth-place Boston Bruins took advantage of the Detroit loss to move nearer to the Wings in the standings. Toronto beat the Chicago Black Hawks and the Bruins beat the New York Rangers by the same score.

## U. S. TOPPLES RUSSIANS IN BASKETBALL

NEW YORK (AP) — Russian basketball is improving but it still has not reached the stage where the United States needs worry too seriously about superiority in the Olympics.

That was the word from Bob Jeangerard, veteran member of the Bartlesville, Okla., National Industrial League team which spoiled the Soviet's debut in the United States Thursday night with a 70-59 victory at Madison Square Garden.

Jeangerard was a member of the pick-up air force team which lost to the Soviets in the 1959 world championships in Chile and of the Peoria Cats, who whipped the Russians six straight on their home soil a year ago.

"It's practically the same team," said the former Colorado ace. "They have improved in their dribbling and shooting but I can't see them threatening our best in the Olympics."

**Looked Well**  
The Russians presented a hard driving team that looked well in 40 spots. They fought back from a 40-25 deficit at halftime to within three points, 56-53, with six minutes to play. They were deadly ball hawks from the start and repeatedly beat the Americans off the boards in their second half spurt.

But, unlike the Americans, they disdained shooting from outside the free throw line, preferring to drive through the Oklahoma's defense. They connected on only 19 of 36 free throw attempts while the Americans made good on 20 of 29.

**ALEX GROZA IN COACHING JOB**  
By DORMAN CORDELL  
LOUISVILLE, Ky. (AP) — "Everything about Mr. Groza has impressed us very much, and we think he's the kind of man we want for our team," says the Rt. Rev. Alfred F. Horrigan, president of Bellarmine College.

Mr. Groza is Bellarmine's new basketball coach. Alex Groza, All-America and two-time All-Pro professional whose career was cut short by point-shaving scandals.

The small Catholic college opens its season here Saturday night against the Cleveland Pipers of the AAU National Industrial Basketball League.

Groza is the first person implicated in the scandals to return to the college sport in any capacity.

"Everybody is entitled to one mistake," he says. "I'm a lot more conscious now about right and wrong than I was before it happened. My past is my best safeguard for the future."

In 1952, Groza and two former Kentucky teammates admitted taking money to hold down the point spread in games in 1949.

## ARMY-NAVY'S PAGEANTRY IS BIGGEST LURE

By RALPH BERNSTEIN  
Associated Press Sports Writer  
PHILADELPHIA (AP) — For the first time in many years it appears the pageantry, not the football, is luring some 100,000 fans into Philadelphia Stadium for Saturday's 60th meeting of Army and Navy.

In recent seasons this traditional clash of cadets and midshipmen has had an important bearing on the national or sectional football picture. Several times, a victory meant a bowl bid for Navy. Last year Army assured itself of Eastern football honors with a 22-6 win.

Such has been the picture—color, excitement and prestige. But not this year. The cadets and midshipmen have naught at stake but personal pride.

**Might See Good Game**  
Army's 4-3-1 record is the worst for the cadets since the years of the cribbing scandal. In 1951, the cadets won 2 and lost 7. The following year, as former coach Earl Blaik rebuilt his shattered forces, the mark was 4-4-1. Both years Navy won the service game.

As for the middies (4-4-1), you have to go back to 1951 for a poorer Navy record. That year Navy brought a 2-6-1 slate into the Army game, but laced the decimated West Pointers 42-7. Two years later, with a 4-3-2 log, Navy won the Army game 20-7.

However, those making the trip to South Philadelphia to see the cadets and midshipmen parade, for a glimpse of some celebrities, for the social prestige, just might see a darn good football game.

Both teams are believed better than their records. Injuries have hurt the middies and cadets this frustrating season. If the lame and the halt are ready, the big crowd also may be treated to a thrilling contest.

## LITTLE SNARES MANY BULLET GRID HONORS

Earl Little, son of Mr. and Mrs. Paul Little, R. 2, completed his first year of varsity football by quarterbacking the Gettysburg College Bullets to a 5-4 record and capturing several honors for himself.

The Gettysburg sophomore, a former Gettysburg High School star athlete and All-South Penn conference griddler, completed 37

of 90 passes for the Bullets. He gained 591 yards in the air. Of the 90 aeriels, seven were intercepted, but three went for touchdowns and one for two extra points. Little carried the ball 43 times gaining 118 yards and losing the same number. His 591 yards topped the Bullets' total offense mark.

The young quarterback intercepted two opponent passes for returns of 53 yards. He also punted the ball once for 34 yards. He returned three punts for 26 yards and five kickoffs for 86 yards. In scoring, Little tallied two touchdowns, completed one for one conversion pass and ran for two more points on his only attempt. He connected on seven of 12 placements and booted one field goal for a total of 24 points.

Little's two best performances came against Lafayette and Temple. Against the Leopards he booted a field goal in the last 20 seconds of the game to give the Bullets a stunning 16-13 win. In the final encounter against the Owls, he completed nine of 13 passes for 164 yards. In the same game, he scored one touchdown, booted three for three extra points, and passed for another conversion. He also set up three of his team's five touchdowns with excellent passing to ends Harry Richter and Chet Knight.

Because of his performance in these two games, Little was named to the Eastern Collegiate Athletic Conference All-East weekly teams. On two other occasions he was nominated as the sophomore and back of the week.

## Forefront Full In Florida Open Golf

WEST PALM BEACH, Fla. (AP) — The forefront was crowded today in the second round of the 72-hole, \$15,000 West Palm Beach Open Golf Tournament.

Forty-five contenders matched bettered par in the first 18 holes over West Palm Beach Country Club's 6,745-yard course.

Three were grouped around the best score — a 4-under-par 68. They were George Bayer of Glen Eagles, Ill., and two newcomers to tournament golf, Frank Wharton of Dallas, Tex., and John Berry of Tallahassee, Fla.

Doug Sanders of Miami Beach shot a 69. Eight entrants including the 1958 titlist, Pete Cooper of Lakeland, Fla., fired 70s and 10 competitors carded 71s.

## FOUR NAMED TO GRID SQUAD SECOND TIME

JOHNSTOWN, Pa. (AP) — Four football players were picked for the second time on the Pennsylvania State Teachers Colleges all-conference team announced today.

They are back William Shockley, West Chester; guard Fleming Mosely, California; end Frank Cignetti, Indiana; and back Gary Gilbert, Edinboro.

The conference's 14 coaches gave the most first-place ballots to Shockley, who shattered most STC scoring records in his three years of play.

Frank Cornelius of Lock Haven became the second player in the history of the all-star selections to be placed on the first team as a freshman.

The other first team members: End, Kenneth Campbell, West Chester; tackle, Bob Clowery, Clarion; tackle, Gib Moore, Mansfield; guard, Frank Cornelius, Lock Haven; center, Bob Howsare, Shippensburg; backs, Bob Grille, Shippensburg, John D'Arrigo, California.

**Honorable mentions:**  
Ends — Stanley Zimmerman, Edinboro; Bob Sealey, Lock Haven.

Tackles — Charles Platt, East Stroudsburg; John Sonevolf, Lock Haven.

Guards — Sterling Brown, East Stroudsburg; Carl Roszkowski, Millersville.

Center — Lou Caparro, West Chester.

Backs — Ernie Wiemar, Clarion; Sid Wells, Shippensburg; Joe Rishelski, Bloomsburg; Emil Magdik, Edinboro; William Jackson, Clarion.

**Score Was 17-3**  
This was the ninth game in the holiday series and the first time in a dozen seasons the Packers have scored a season sweep. They beat the Lions earlier this year in Green Bay 28-10.

This time, they had so much help from the Lions they could hardly miss.

The Lions moved in front 3-0 on Jerry Perry's 22-yard field goal that followed a Green Bay fumble on the opening kickoff. The Packers drove 65 yards in six plays for one score, got another 95 seconds later following a Detroit fumble, added a field goal and led 17-3 before the Thanksgiving stay-at-homers started to work on the second drumstick.

The Lions fumbled again in the second period and the Packers promptly moved 49 yards in eight plays for a 24-3 lead.

Two long drives got the long-suffering Detroit club back into contention but it lacked the stuff to keep its offense rolling. Two late interceptions killed off hopes for a deadlock.

PARKING RULE  
CHANGE VOTED  
BY COUNCIL ON  
TWO STREETS

A change in parking regulations on Prince St. between Newark and Windsor Sts., and approval of a plan of the VFW to turn an old baseball diamond into an ice skating rink were among matters before the Littlestown Borough Council at its meeting Tuesday evening.

Littlestown council last month had established Newark St. as a one-way street east from N. Queen to Prince St. In addition all parking had been abolished from both sides of Prince St. between Newark and Windsor Sts. In response to complaints, the safety committee was asked to restudy the matter.

At Tuesday's meeting the safety committee held that the "one-way east" rule for Newark St. is the only way to "correct the N. Queen and Newark Sts. intersection hazard," but agreed that parking could be permitted on the east side of Prince St. from Newark to Windsor Sts. Council approved the change.

## Plan Skating Rink

A request of the Veterans of Foreign Wars to reconsecrate the "Old Ball Diamond" area so that it can be flooded with water and thus turned into an ice skating rink during cold weather was given approval by council, which also voted to furnish water for the project.

Council authorized the building committee to act on a problem posed by poor ventilation in the room housing the emergency lighting unit at the Alpha fire hall. Council learned that because only one vent for hot air discharge

opens into the room, operation of the lighting unit over a long period causes tremendous heat to accumulate, overheats the engine and causes it to stop. The building committee was given approval to install necessary ventilating fans if deemed advisable after study.

The light committee reported a street light has been installed at the Cemetery and Church St. intersection. A light survey for Lumber St. has not as yet been completed by the Metropolitan Edison Co., the committee reported.

## To Check Signs

Street Commissioner Joseph H. Redding was asked to check street signs on Maple Ave. and Prince St. which council said have been reversed as to direction.

A water permit was issued to Lorraine A. Mellott, 329 N. Queen St. Building permits were granted to George L. Maitland, 70 W. King St., to paint and repair a 2½-story frame dwelling and to Cleason H. Plunkert, 207 E. King St., to trim a shade tree.

Treasurer John H. Flickinger reported these balances in the various borough accounts: General fund, \$48,899.59; water fund, \$26,623.98; sanitary sewer fund, \$17,200.46; state highway aid fund, \$4,449.23; parking meter fund, \$13,580.64. Receipts during the month totaled \$2,032.13 of which \$1,708.20 was resurfacing costs paid by the Manufacturers Light and Heat Co. and \$175 received from sale of the "Ole Fannie" fire truck.

General fund expenditures totaled \$2,158.13; water fund expenditures were \$804.43; sewer fund expenditures, \$979.71, or a total outlay of \$3,942.27 from all accounts.

## \$380 From Meters

Chief of Police Calvin W. Mumert reported 39 parking overtime and one parking in a no parking zone violations plus eight motor code and one ordinance violation. Two new members, Charles P. Blevins and Dallas H. Reed, were enrolled in the VFW post at the semi-monthly meeting on Tuesday evening. Donations were voted to the Adams County Christmas Seal Society; Adams County Association for Retarded Children, and the Scotland School Christmas party. The post will send Christmas food baskets to needy families again this year. Earl J. Weaver reported on the district meeting held recently in York.

Plans were made to hold the annual eggnog party for the membership on Christmas morning from 9 to 11 o'clock at the post home. Commander Edgar W. Wisotzky presided for the session and the post will meet again on Tuesday, December 8, 8 p.m.

## Be Followers, Not Imitators Says Pastor

By REV. ROBERT D. MYERS  
Pastor, Cashtown Charge,  
United Church of Christ

### "IMITATION"

Text: "Be ye therefore followers of God, as dear children." (Ephesians 5:1)

We are all imitators. We are following the example of some one who has been successful. In the kindergarten department of our schools we are imitators. Kindergarten is a German word meaning "garden of children." The Germans made this "garden of children" beautiful and successful, and we are imitating them.

We are all imitators. Children are all imitators both by nature and by practice. Little girls will put on long dresses like those their mothers wear, and will take their dolls and fondle them as their mothers fondle their babies. They imitate their mothers when they play house. Little boys are also imitators. How often we see little boys imitating things which they have seen their fathers do or imitating personalities they have seen on TV.

### Don't Imitate Faults

We all should imitate. The great difficulty in imitation is that we are liable to imitate the faults we see in things and persons. No person on earth is perfect. Somewhere I read the following story: One day Lord Beaconsfield was visiting the Gladstones, and he took a great fancy to William Jr. Before leaving he asked the boy to come to his home and pay him a day's visit. Mr. Gladstone was very anxious that William should behave just right in the presence of the great man. In giving the boy his instructions, he said: "Now, William, when you go to the Lordship's home, if you are at a loss how to act, watch his Lordship and do just as he does."

William remembered his instructions. In the course of the dinner Lord Beaconsfield turned his head and sneezed three times. Then William turned his head and sneezed three times.

Next, Lord Beaconsfield turned to a servant and said: "There's a beastly draft in this room; close the window."

William thereupon turned about draft in this room; close the window."

Lord Beaconsfield looked at him in amazement and exclaimed: "William, are you mocking me?"

"No, sir," replied the boy, "but father told me before I left home that I must watch you and imitate everything you did."

### "Followers of God"

Like many people, he imitated only the faults of a great man. Our text says: "Be ye therefore followers of God, as dear children." The meaning is, "Dear children, be imitators of God."

If you imitate God you will never make a mistake. God has no faults.

There is a long distance between you and God, but if you are going the right direction, you will get nearer and nearer to Him. For every step that you take towards Him, He takes two or more steps toward you. You may be unlike Him at first, but you will grow to be like Him the more you imitate Him.

There is a long distance between a canary and an English sparrow. One day an Englishman took a young sparrow and put it in a cage near a canary. After a time he noticed that the sparrow's throat moved when the canary sang. Then the sparrow began to try to sing, and its power grew until it ran up and down the scale and its voice grew sweet. That was imitation. If you remember the text and try to imitate God you will grow more and more like Him, and in time you will be called "godlike."

"Dear children, be imitators of God."

# FIRST NIGHT AT REFORM SCHOOL

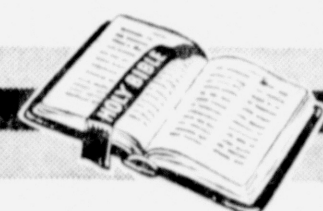

What do you think of that first night at Reform School?  
... of the world outside, dark and crisp, and the guys who hang around the drug store!  
... of kids and cops, laws and judges, courtrooms and cells ... the morbid adventures of the last lagging month.  
... of the home from which you came ... and what it might have been!  
And you think of God ... of days when church bells rang ... and other kids went to Sunday School ... and you had to be quiet so you didn't wake your parents!  
... of times when you might have prayed ... but you didn't know how ... and no one around you seemed to care!  
... of questions you once asked about God ... but Dad was busy, and Mom hadn't time to explain.  
The first night in Reform School — what a tragic place for a boy to be confronted with those vital spiritual issues which wise parents should have faced in their children's infancy.

### THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Volcano Erupts For 16 Hours

HONOLULU (AP) — When Hawaii opened a statewide celebration Thursday Kilauea volcano supplied the fireworks, suddenly coming to life with an eruption of crimson lava.

The fiery fountains shot as high as 1,000 feet—and quit after 16 hours as abruptly as they started. An eyewitness said "it dropped off to nothing within 20 seconds."

A tourist-attracting eruption in Kilauea Iki crater—like means little in Hawaiian—began Nov. 14 and continued for a week. Then it went dormant for four days.

Islanders combined the Thanksgiving holiday with a full-scale commemoration of statehood, the festivities to last four days. Spectators flocked by auto and plane to the new display on 4,090-foot Kilauea on the island of Hawaii.

## BABY DIES IN ALBANY BLAZE

ALBANY, N. Y. (AP) — Fire raced up the stairway of a downtown apartment building early today, killing an infant and injuring at least 13 other persons.

Three were hospitalized, one with critical injuries.

The identity of the infant, found in the wreckage, was not determined immediately.

The flames apparently started in trash cans under stairs on the first floor and spread rapidly to the top of the four-story, brick building, fire officials said.

Several of the injured, most of them children, jumped from the building.

## Weather Forecast

Extended forecasts for Saturday Nov. 28 through Wednesday Dec. 2.

Eastern Pennsylvania, eastern New York and Mid Atlantic States — Temperatures will average near normal in the south and 3 to 5 degrees above normal in the north.

## The POWER of FAITH by Howard Brodie

Max Conrad made headlines recently when at the age of 56 he broke records by flying a light plane non-stop from Casablanca to Los Angeles. There was considerable stir about his remarkable feat but few knew of the greater obstacle Conrad had surmounted, through determination and faith.

I visited this grandfather, an old time stunt flier and the father of ten children, in his San Francisco home. His soft blue eyes and warm smile gave no indication that 30 years ago he lost his speech and memory as the result of a head injury.

That did not stop him. A gifted athlete, he drove himself to recovery with such firmness of purpose that he became an American entry in the 1932 Olympics high jumps. Conrad was a barnstormer who engaged in many spectacular flights and who has ferried planes across the Atlantic scores of times. Yet he did not recover completely until recent years from his injury.

In the lonely flights of night, over a period of two years, he composed the words and music for The Flyer's Rosary. It goes like this —

By night on swift enchanted wings I fly,  
Bright stars above become my Rosary;  
Each star a lonely prayer which bids me try  
To live in Faith and Hope and Charity.

## EX-CONVICT IS STABBED

ERIE, Pa. (AP) — Michael Dominick, 41, once convicted on charges of accessory to murder, was hospitalized Thursday night with a knife wound in the abdomen. He was reported in serious condition.

Police said Carl DiNicola, 55, was taken into custody and is being held on an open charge.

Dominick, police said, was stabbed while visiting the Monty Club in Erie. Police said they have not been able to find a motive for the stabbing. Both Dominick and DiNicola are Erie residents.

### Had Served Term

In 1956, Dominick was acquitted on a murder charge but served an 11 to 23 month sentence as an accessory in the slaying of Robert Fisher of Erie. Fisher was shot to death.

Michael Bubna of Erie died in the electric chair for the Fisher slaying. Bubna's sister, Mrs. Millie Thomas, was given a life term in prison.

Dominick, at the time, admitted driving a car in which Fisher's body was taken to an Erie golf course but he denied any part in the actual slaying.

## PANAMANIAN GIVEN WARNING

By LUIS NOLI

PANAMA (AP) — President Ernesto de la Guardia Jr. warned his people Thursday night against attempting to plant the Panamanian flag in the U.S.-controlled Canal Zone by stealth or by force.

Such action, he declared, would only defeat Panama's fight for recognition of its right to fly the flag in the zone as a symbol of its sovereignty over the area.

The President made a nationwide radio appeal to stave off violence during a demonstration called by students Saturday to reassert Panama's sovereignty over the Canal Zone on the anniversary of independence from Spain.

Organizers of the demonstration in front of the Foreign Office also called for it to be peaceful and orderly. But there were fears that demonstrators might seek to enter the Canal Zone with flags, causing a repetition of the Nov. 3 clashes between Panamanians and American troops and police in which 80 persons were injured.

The U.S. Embassy advised all Americans to stay away from crowded areas of the Central American republic over the weekend.

Johnson City, Tenn. (AP) — A dozen police officers waited outside a hotel room until an escaped convict walked out wearing the hat and pistol of a work gang guard slain in North Carolina.

Local, federal and state officers had hoped to catch two of five fugitives who had fled a work gang just over the state line near Jefferson, N.C. Monday.

They caught only John W. Burgess Jr., 33. He offered no resistance Thursday. Officers had hoped another escapee, James T. Waller 35, would show up.

Burgess told the officers he had separated from Waller at Princeton, W. Va. The other three fugitives had been captured near Jackson, Ohio.

They are accused of shooting Fields Absher, 55, in escaping from the North Carolina work gang.

## REACH PACT ON U. S. BASES

MANILA (AP) — U. S. and Philippine military commanders conferred for two hours today and reportedly agreed on new joint security measures for American bases here.

The conference was called by Philippine Defense Secretary Alejandro Santos in the wake of an American congressman's demand that the United States abandon this country as a Pacific defense project.

U. S. Rep. Phil Weaver (R-Neb.) issued a statement in Washington Wednesday charging that a "graft-ridden" Philippine government was openly harassing American servicemen and that there was "mass looting of American property" here.

Weaver's statement drew a storm of protest in Manila, marked by bitter references to "ugly Americans" and threats to abrogate treaties with the United States.

### LOOK IT UP, THEN

ORMAN, Okla. (AP) — Six peddlers reported to the police station to receive permits for door-to-door sales. Three of them ran into difficulty spelling the name of their product. They were encyclopedia salesmen.

### ONE FOR THE ROAD

McALESTER, Okla. (AP) — Told he looked intoxicated, a man left a tavern and went to the police station and asked for a "beer-drinking permit." He ended up in jail charged with drunkenness.

## HOLD JAPS IN YANK SLAYING

TOKYO (AP) — Two Japanese university students were under arrest today in connection with the fatal beating of Dr. Charles E. Perry, an American teacher at St. Paul's University here.

Newspaper reports said one of the youths struck Dr. Perry on the head and face Thursday night after he admonished the pair for throwing rocks at his home and entering the university campus while drunk.

Another St. Paul's teacher, Nobumoto Takuma, rushed to the American's aid and turned the students over to police. Dr. Perry died at his home a short time later of a brain hemorrhage.

The youths, identified as Setsuji Mori and Teruo Yokoyama, both 19, attend Daito Cultural University, which adjoins St. Paul's, an Episcopal institution. No charges were filed immediately.

Dr. Perry, 51, a native of Whitesboro, N.Y., had been a member of the St. Paul's faculty since 1951. He came here from St. Lawrence University in New York.

### Schier's In Guilford Hills Near Chamberburg Carries Quality Furniture Brands

Four years ago in June, four Chambersburg men converted an early Pennsylvania barn into one of the most attractive "show-places" in this section of the state. Many newspapers and trade journals have been lavish in their praise of the unusual setting and surroundings for the store, known as Schier's, (Pennsylvania Dutch for barn). It is located in Guilford Hills on Route 30, east of Chambersburg.

The former barn is known to be more than 125 years old and was unusual in that it was built in three bays or "bridges." The first known owners of the farmland on which the barn stands were people by the name of Andrews. In later years it was purchased by the Horns of Horn's Motor Motor Express and more recently by Frank Hartzook of Chambersburg. There are approximately 10,000 square feet of inside display areas. Including the sunken garden and patios outside which are used to display yard, patio and garden furniture in the summer, the area of square feet is swelled to a total 16,000 to 18,000.

**Run By Four Partners**  
The lines of the barn were left intact with the addition of attractive iron grill railings and posts to the front and the ground floor. The entire ground floor interior is viewed through a glass front. Approaching the store from the east at night, one sees the store lighted by many many lamps, a catching sight. There is a wide expanse of black top surrounding the landscaped area about the store and

there are ample parking facilities. Drew M. Diffenderfer, president, has had more than 20 years' experience in the furniture business. Two of the partners, Jack W. Bowers, vice president, and Howard J. McClelland, secretary, were associated with Drew Diffenderfer during the time of his former furniture connections. The fourth partner and treasurer of the firm is William K. Yaukey.

These four officers of the Schier firm served in the armed forces. Drew Diffenderfer and Howard McClelland were in Europe, William Yaukey in the South Pacific and Jack Bowers served in Korea.

**Handle Quality Lives**  
Schier's has quickly built a reputation for selling only quality and nationally advertised lines of furniture. They are Pennsylvania House, Frank S. Harden, Heywood-Wakefield, H. T. Cushman, Drexel, Jamestown, Willett and many others. The best of Bigelow and Mohawk carpeting is available and there are lamps by Stiffel and Lightolier.

Fireplace equipment, mirrors, pictures, other wall decorative items, occasional tables, and many other accessories for the home are attractively displayed.

Two silos are a part of the barn and are used to an advantage. One is the gift shop and the other, a drapery shop. An interior decorator is on hand to discuss the planning and decor of a room, house or office.

The original "hex" signs grace Schier's building and create much interest among those interested in this quaint Pennsylvania Dutch custom of "protecting" the barns. The original coloring and design have been maintained in their production. More people each year are visiting the store at the Christmas season to see the Christmas decorations which contribute to the

### Zenith Announces New Low-priced FM

Zenith Radio Corporation today announced a new, low-priced FM-only table-top radio. Announcement was made by L. C. Truesdell, executive vice president in charge of marketing. Peirce-Pelphs, Inc., Harrisburg, are the area distributors.

The newcomer, named the Major, provides "big set" tone in a small, compact table model, with all the benefits of static-free FM reception, Truesdell said. Unlike many FM-equipped receivers on the American market, he said, the Major is certified to the Federal Communications Commission as conforming to its specified radiation limits, to avoid interference with television reception in the home-with-TV.

A new tuner, exclusive with community's Christmas atmosphere.

### JO OF HAPPY VALLEY IS A HAPPY NURSE

HAPPY VALLEY, Labrador (AP) — Kathleen Mary Lutely, affectionately known as "Jo" along Labrador's east coast, is fulfilling a girlhood dream of adventure and helping others.

Miss Lutely, 41, native of Devonshire in England, came to Canada in September of 1957 as a nurse with the International Grenfell Association. She is in charge of the six-bed station in this community near the Hamilton River.

The devoted and energetic nurse is proud of the fact she has delivered some 150 babies without the help of a doctor during her work here and at four other Labrador and Newfoundland Grenfell stations.

"We delivered 77 here last year," she said.

**Air Force Helps**  
The nursing station is a branch of the main Grenfell Mission Hospital at Northwest River, 40 miles away. Emergency cases brought here are normally transferred to the main hospital or, if necessary, to the RCAF's hospital at Goose Bay, seven miles distant.

"I would have many more grey hairs if it wasn't for the Air Force," she said. The nursing station is a branch of the main Grenfell Mission Hospital at Northwest River, 40 miles away. Force's assistance," she says.

The Labrador settlements, she admits, are not what Sir Wilfred Grenfell envisioned when he began his work as a medical missionary in this area in 1892.

"Now, it's a mixture of Eskimos, Indians, and more and more Canadians."

The talk was interrupted while she went to an adjoining room to stitch and patch the cut forehead of a six-year-old boy, who had bumped into the side of a car just outside.

Back in her bright living room, she surveyed a collection of healthy houseplants and said: "I love gardening. These are my pets."

Her garden is a bright spot in

### Report New Jersey Farmers Note Loss

WASHINGTON (AP) — Cash receipts of New Jersey farmers for the first nine months of this year are down 2.6 per cent, the Agriculture Department reports.

The department's latest survey of farm income showed receipts of \$234,145,000 for New Jersey farm marketings from January through September. This compared with \$240,436,000 for the same period last year.

Cash receipts were down about 2 1/2 per cent nationally.

**Snowmobiles**  
In her nursing duties she has the use of snowmobiles and aircraft as ambulances, and she trades information, news and weather reports with other Grenfell stations on her radio-telephone.

Two doctors from the hospital at Northwest River alternate on twice-weekly visits to the Happy Valley station, which developed from a first post in 1948.

For hobbies, besides gardening and reading, Miss Lutely has an increasing stack of records with an emphasis on Newfoundland folk songs. In the summer she goes boating on the river. She also has a hula hoop.

"It's very practical," she said. "Central heating may have its advantages, but this place can get pretty cool in the winter, and what better than the hula hoop to help the circulation?"

# Says American Spends More Time Watching TV Than In Sleeping Or Working

By CYNTHIA LOWRY  
AP TV—Radio Writer

NEW YORK (AP) — An awe-inspiring statement comes from Arthur C. Nielsen, head of a research company whose reports on audience size often mean the difference between cancellation and renewal in television.

"More time is spent in viewing television in the United States than in any other human activity except sleep — and that includes work," he said.

Even if Nielsen's rating is off a few points, this is a horrendous thought. It was bad enough to contemplate the widely circulated statistic that the average American spends more than five hours a day before a TV set.

## Hit Babe Snag

A singer quiz making single records in favor of albums a few years ago when he was naive enough to ask a disc jockey on a New York radio station why he always played another singer's version of the former's hit record.

"I don't pick the records I play," he said the jockey replied. "And your company didn't make a deal with the guy here who does."

"I felt dirty and my feelings were hurt," confessed the singer. "And I swore I'd never make another record if they had to bribe somebody to play it."

## Pretty Overpowering

Rumors are rife—and in print—that CBS' "The Lineup" is in trouble and may be dropped at the end of the year. It was a healthy little perennial in its half-hour format for several years, but hasn't been doing so well since it stretched to an hour and lost one of its two stars, Tom Tully.

Tuesday night's "Merman on Broadway," on NBC was a great treat for us Merman fans — an hour of almost uninterrupted singing by the brassy-voiced, dynamic star.

Highpoint of the evening was her singing of 15 of her hits with out interruption — practically a tour de force. Seems a shame to have gone to the trouble and expense of hiring Tom Poston, Tab Hunter and Fess Parker, none of whom contributed much. How could they? Merman is pretty overpowering.

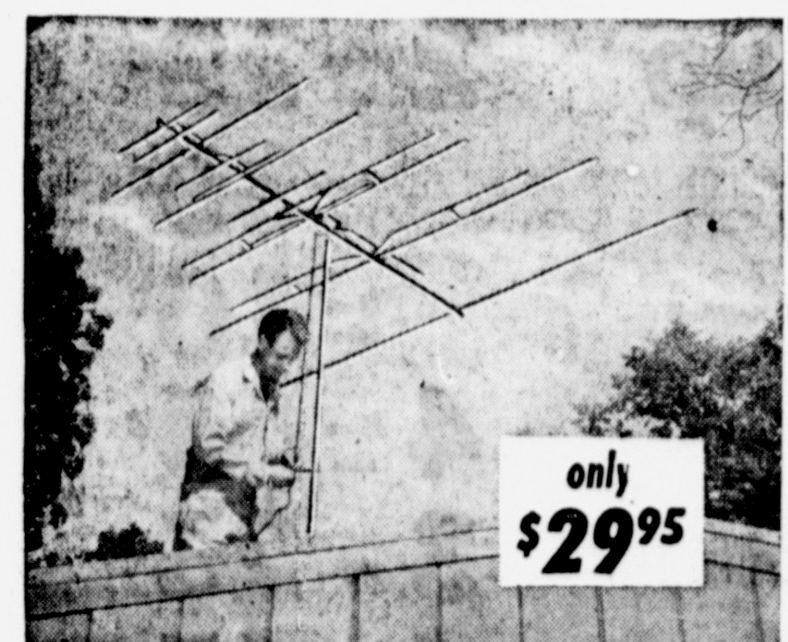

## LAWYER COOLED OFF

MILWAUKEE (AP) — The exclamation, "Oh, for heaven's sake," meant a sentence of 30 days in jail for Harold Harris, an attorney.

The contempt of court sentence was ordered by District Judge Frank Gregorski when Harris blurted out the comment as one of his clients was fined \$150 for drunken driving.

FOR THIS AREA, WE HIGHLY RECOMMEND THE

# FORMER STAR IS CONVICTED, FORGOTTEN

HOLLYWOOD (AP) — Hollywood's forgotten man sat on the bare floor of his big, empty mansion. Jay Robinson was alone with the posters of his past.

Not long ago filmland called him a genius.

He made \$3,000 a week then. Friends and rich furnishings filled the house. There were laughter and music.

## Rivals Emperor

His life may well have rivalled that of the Emperor Caligula, whom he played in "The Robe." He was also a featured actor in "Demetrius."

But on Thanksgiving Day, at 29, he was left with memories. Last June he was convicted of sale and possession of narcotics. He insists he was innocent and has appealed the case.

"But since then I haven't been able to get work," he said.

His Thanksgiving guests dropped in by accident. A telephone operator said he dialed her Thursday, then stopped talking in mid-sentence. She called police and firemen.

## Rooms Bare

They found the great rooms empty except for a box springs and mattress on a bedroom floor. A lamp stood beside the mattress, a bath towel for a shade.

He has been selling his furniture.

"I sold the last thing yesterday, a bedspread," he said.

He pulled a few bills and some change out from under the mattress, which had jelly rolls and potato chips on it.

"This is it," he said. "\$17.67." He is about to lose the house, he said. He is three months behind on the payments. Robinson said he didn't know whether his father, a wealthy shirt manufacturer, will come to the rescue.

He opened a closet door and said: "I hit my peak at 23."

In the closet were a few scripts, several photographs, some reviews and posters.

"That's what's left of my career," Robinson said.

## REPEAR, PLEASE

THOMPSONVILLE, Conn. (AP) — What's the difference between ordinary parking and "convenient" parking? Five cents, according to the inscription on the town's new parking meters. It reads "Twelve minutes for each penny; 60 minutes for one nickel. For convenience, 60 minutes for one dime."

## HANDY HAMMER

OWASSO, Okla. (AP) — Mrs. Esther McGill, 71, won over all women nail driving contestants at a Progress Day celebration, then challenged a man and beat him.

## PAINESVILLE, Ohio (AP)—

A witness reported that one woman on the county relief roll uses a cart from a supermarket to pick up groceries at the Welfare Department's free food distribution.

## THREE KILLED AND ONE HURT IN PLANE CRASH

BETHLEHEM, Pa. (AP) — A single engine plane crashed into a hillside near here shortly after takeoff Thursday, killing three men and injuring another critically.

The victims were burned to death when the plane burst into flames.

Killed were William Braden Jr., 35, of Bethlehem, the owner and pilot; Robert C. Ruschman, 39, a Palmer Township scrap dealer, and his son, Robert C. Jr., 18.

John Gori, a 45-year-old cabinet maker from Bethlehem, was in critical condition in St. Luke's Hospital with a compound fracture of the spine. Gori was thrown from the four-seat Beechcraft Bonanza when it crashed.

### Skidded 80 Feet

The plane had taken off from Bethlehem-Easton Airport near Steel City. It dropped into a clearing about a quarter mile south of the Lehigh River, skidded on its nose about 80 feet and burst into flames.

Cpl. Edward McGroarty, state police aviation inspector for eastern Pennsylvania, said a witness told him the plane's engine cut off while the craft was about 400 feet in the air.

Airport personnel reported they saw the plane make a sharp left turn and disappear soon after it was airborne.

### Taking First Ride

Another plane was sent aloft. The pilot, Richard Branda, said he circled the burning plane and saw Gori lying near the wreckage. Branda radioed for help. When rescuers arrived only the tail section of the plane was intact.

Branda is a partner in a glass company in Bethlehem. He has been flying for several years. He purchased the plane only three weeks ago.

Mrs. Fred Ruschman, mother of the elder Ruschman, said Branda had asked her son to take a ride in the plane. She said her son had flown in an airplane once before. She said the trip was her grandson's first.

John Doster, an inspector for the Federal Aviation Agency, said investigators are probing the cause of the crash.

MARYSVILLE, Ohio (AP) — You can get a haircut for a penny at E. L. Lawson's shop in Plain City. But there's an "if." Lawson stipulates the penny must have a date between 1870 and 1879. Police caught three teenage boys with three gallons of milk taken from a route truck. Their punishment ordered by Police Lt. H. L. Lloyd: To drink half the milk on the spot.

NOGALES, Ariz. (AP)—Sheriff Robert Connor reported a burglary to city police—thieves broke into his home and carried off an electric toaster and clothing.

## HEAVYWEIGHT BILLY HUNTER TO BE TESTED

NEW YORK (AP)—Billy Hunter should find out tonight if he really is the new "wonder boy" of the heavyweight class that press agents are calling him. He comes into Madison Square Garden with imposing credentials, having stopped Alex Miteff and Tony Anthony in his last two scraps.

Miteff, a non-believer, hopes to get revenge in tonight's 10-round rematch for the seventh round TKO he suffered at Hunter's hands, Sept. 25 in Syracuse, N.Y. The hulking Argentine was a 4 to 1 favorite at Syracuse but he trailed on all cards 4-2-1 when it was stopped because of his cut.

George Gainford, who helped guide Ray Robinson to the heights, is the man behind Hunter

in his sudden rise. The 6-3 1/2 De-troit heavy makes fine boxing moves in the classic style. In the Anthony fight he showed he could punch too.

His record as a pro now reads 14-8-2.

Miteff is one of his own worst critics. He admits that at times "I fight stupid." A chunky 6-1

former butcher boy, Alex has a 19-4-1 record. This year he lost to Zora Folley, knocked out Harold Carter and outpointed Wayne Be-thea and Alonzo Johnson before he was stopped by Hunter.

The bout is part of the regular Friday night network (NBC) radio and television series.

## Thanksgiving Dinner Brings Familiar Food And Comments

By HAL BOYLE

NEW YORK (AP) — Remarks you can hear—or overhear—at any big family Thanksgiving Day celebration:

"My, your house looks nice. It's always so spotless."

"Are you sure, really sure, there's nothing I can do to help?"

"Look at Grandpa Brown. Hasn't he aged?"

"Hi, Grandpa Brown, never saw you looking so young. What kind of pep pills are you taking?"

### Making Mistake

"I think Joan is making a mistake showing her boy friend our family album. When he sees the kind of tribe he's marrying into, he'll run screaming for the hills."

"Oh, I don't know. Our family's always stuck together pretty well, except for a few scattered fist fights and hair pullings."

"Hasn't it been a wonderful year? No deaths or sicknesses in the family. That is, if you leave out cousin Amy's gall bladder attacks, and after all she's been having them for 30 years."

"Mama, Jimmy hit me."

"I did not, Mama. Besides, she hit me first."

"Oh, shut up the both of you. Can't we have just one day of peace and quiet in the whole entire year?"

"Yoo-hoo, Ella! That must be a wonderful turkey, we can smell it clear in here!"

"I do hope she cooks it long enough. The one she put on the table last year was still flapping its wings."

**Oyster Trouble**  
"Why does she always insist on putting oysters in the dressing? They give me indigestion."

"Not me. I love them."

"Well, we don't have to worry about the cranberries. Young Joey says they're all right. And he led his high school class in chemistry last year."

"Did you see the big new car cousin Roscoe drove up in? The big showoff must have borrowed it from someone for the day. He couldn't afford one like that himself."

**Elms OK**  
"Well, cousin Elmo seems to be doing all right, ever since he got that job with the city."

"Yeah, that's probably why my taxes went up."

"Mama, can I have the wishbone this year? Jimmy had it last year."

**"Lying Again"**  
"I did not either, mama. She's lying again, Mama. Make her go wash her mouth out with soap."

"Sh-h-h, here comes the turkey. Isn't it beautiful?"

"Well, folks, come and get it. It's all on the table. Everybody bring his own chair."

"Dear Lord, we thank Thee."

**BOY KILLED**  
EBENSBURG, Pa. (AP) — A milk truck skidded on icy Route 22 near here Thursday and overturned, killing Ronald Strasser, 15, of Gallitzin who was helping his father make milk deliveries.

The boy was pinned under the wreckage. The father, Merle, 41, was treated for shock at Mercy Hospital in Altoona.

## MAX CONRAD'S FLIGHT SETS NEW RECORD

LAS VEGAS, Nev. (AP)—Flying Grandpa Max Conrad took a well deserved rest in this desert resort today after flying a light plane to a non-stop distance record from North Africa to Texas.

Conrad, 56, landed Thursday at El Paso—6,911 miles from Casablanca, where he coaxed his gas-beavy Piper Apache into the air more than two days before.

The 56-hour 26-minute flight in the little blue and white monoplane was a record for planes weighing under 3,900 pounds.

**Brief Stop**  
Then, after a bottle of pop and a walk to shake out the kinks, Conrad climbed back into his plane and took off again—this time for his home in San Francisco. He landed shortly before sundown at Las Vegas.

Conrad flew the same plane in which he set a 7,668-mile record for heavier aircraft last year from North Africa to Los Angeles. On this flight, he replaced the Comanche's six-cylinder engine with a four-cylinder model and put it in a lighter class.

In El Paso, a lean and thirsty Conrad swung his long legs out of the cramped cockpit and told waiting reporters the story of his record-shattering hop.

**No Food**  
He took off from Casablanca with 360 gallons of gas, and three vacuum-sealed containers of coffee, tea and water, but no food.

During daylight hours, he flew at 100 feet or less and went up to 150 feet at night.

He leaned the throttle back to save gas and flew at about 130 miles an hour most of the way.

The weather? Near perfect, as he skimmed across the Atlantic and parts of two continents. He ran into 30-mile an hour headwinds in the Caribbean between Cuba and Haiti, but soon outran the adverse weather.

**TO DESIGN SHORTWAY**  
HARRISBURG (AP) — A York firm will complete final designs for the Jefferson County portion of the Keystone Shortway. The State Highways Department Thursday awarded a \$292,000 contract to Buchart Engineering Corp. for designing the eastern half of the Brookville Bypass. It will be about eight miles long and will extend easterly from Route 36 at Brookville to a legislative route near Emerickville.
